## ADELPHIA RECOVERY TRUST

Notes to the Condensed Financial Statements – March 31, 2009 (Unaudited)

1 Background

The Adelpia Recovery Trust (the “ART”) was formed as a Delaware statutory trust pursuant to that certain First Modified Fifth Amended Joint Chapter 11 Plan of Reorganization (the “Plan”) of Adelpia Communications Corporation (“Adelpia”) and certain of its subsidiaries (collectively the “Debtor”). The purpose of the ART is to prosecute the various causes of action transferred to the ART pursuant to the Plan (the “Causes of Action”) and distribute to the owners (the “Holder”) of the interests in the ART (“Interests”) the net proceeds of such Causes of Action (“Distributions”), according to the relative priorities established pursuant to the Plan, subject to the retention of various amounts to fund the prosecution of those Causes of Action and operations of the ART. Pursuant to the Plan, in addition to the Causes of Action, Adelpia transferred \$25 million in cash to the ART in order to fund the initial expenses of operation.

As set forth in the Plan, the ART is administered by five trustees (the “Trustees”) who are responsible for carrying out the purposes of the ART. Quest Turnaround Advisors, L.L.C. (“Quest”) is the plan administrator (in such capacity, the “Plan Administrator”) of Adelpia. Quest and Adelpia together have agreed to provide certain administrative services to the ART. In order to facilitate the provision of such administrative services, the ART has appointed Quest as the trust administrator of the ART (in such capacity, the “Trust Administrator”).

2 Basis of Presentation

The accompanying interim unaudited condensed financial statements of the ART have been prepared in accordance with generally accepted accounting principles in the United States of America (“US GAAP”) and with the instructions to Form 10-Q. As such, they do not include all of the information and disclosures required by US GAAP for complete financial statements. In the opinion of the Trustees, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the interim unaudited condensed financial statements have been included. These condensed financial statements should be read in conjunction with the ART’s audited financial statements as of December 31, 2008. Interim results are not necessarily indicative of the results for the complete fiscal year.

Table of Contents3 Related Party Transactions

The Trust Administrator and Adelphia continue to provide administrative support to the ART including maintaining electronic data and paper documents used in prosecuting the Causes of Action, financial reporting and support for Distributions when they might occur (including maintenance of data related to the implementation of Plan provisions). These services have and will continue to be provided at no cost to the ART under the terms of various agreements between the Trust Administrator and Adelphia. The ART financial statements do not reflect any amounts for these services.

4 Causes of Action and Contingencies

Except as set forth below, there have been no material developments in the legal proceedings described in the ART's Form 10-K as filed with the SEC on March 10, 2009.

Bank Litigation

On June 18, 2008, the District Court dismissed certain fraudulent transfer claims, voidable preference claims, and equitable subordination and disallowance claims and entered final judgment on those claims as well as certain claims dismissed in 2007 by the Bankruptcy Court. The ART timely filed a notice of appeal of that judgment and the appeal is being briefed by the parties in the Second Circuit Court of Appeals.

On May 6, 2009, the District Court issued an order sustaining the ART's aiding and abetting fraud and breach of fiduciary duty claims; sustaining in part and dismissing in part the ART's fraud claim, and dismissing the ART's fraudulent concealment claims. The District Court also sustained avoidance claims against lenders on margin loans to the Rigases. Under the current scheduling order, the trial on those claims and the Bank Holding Company Act claim will commence on February 22, 2010.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Motorola Litigation

On August 22, 2007, plaintiffs moved for summary judgment to disallow a portion of the defendants' claims against certain Adelphia debtors. Plaintiffs' motion is pending. Discovery is ongoing and the bankruptcy court has ordered the parties to be ready for trial on the claims for equitable subordination and equitable disallowance on May 21, 2009.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Sabres Litigation

On February 17, 2009, the District Court for the Western District of New York issued a final judgment granting a permanent injunction against the prosecution of fraudulent conveyance claims against Key Bank N.A., Fleet National Bank, and HSBC Bank USA, N.A. (collectively, the "Sabres Banks") by the ART in the Bank Litigation. The fraudulent conveyance claims against the Sabres Banks involve Adelphia's purchase of and payments on certain loans made by the Sabres Banks to the Buffalo Sabres hockey team. The ART filed a timely notice of appeal, and the appeal is being briefed by the parties in the Second Circuit Court of Appeals.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Table of ContentsLitigation Indemnification Fund Litigation

Discovery related to the JV LIF Claims is ongoing and an evidentiary hearing on the motion is now scheduled for June 9, 2009.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

5 Subsequent Events

Subsequent to March 31, 2009 and through May 7, 2009, there have been no other events that would be material to the financial statements of the ART, including Cause of Action settlements or judgments or Distributions or decisions concerning future Distributions.

Item 2 Management Discussion and AnalysisOverview

The Adelphia Recovery Trust was formed as a Delaware statutory trust pursuant to that certain First Modified Fifth Amended Joint Chapter 11 Plan of Reorganization of Adelphia and certain of its subsidiaries. The purpose of the ART is to prosecute the various Causes of Action transferred to the ART pursuant to the Plan and distribute to the owners of the Interests in the ART the net proceeds of such Causes of Action, according to the relative priorities established pursuant to the Plan, subject to the retention of various amounts to fund the prosecution of those Causes of Action and operations of the ART. Pursuant to the Plan, in addition to the Causes of Action, Adelphia transferred \$25 million in cash to the ART in order to fund the initial expenses of operation.

Adelphia and certain of its subsidiaries filed for Chapter 11 bankruptcy protection in June 2002. During the bankruptcy, on July 31, 2006 the assets of Adelphia were sold for a combination of cash and stock in Time Warner Cable, Inc. ("TWC"). In late 2006, representatives of various groups of creditors reached agreement on the allocation and distribution of the cash, TWC stock, other proceeds from the sale of estate assets and relative priorities to any Distributions arising from the Causes of Action contributed to the ART. This agreement was embodied in the Plan, which was confirmed in January 2007 and became effective on February 13, 2007 (the "Effective Date"). Under the Plan, the creditors and equity holders of Adelphia and certain of its subsidiaries received one or more of the following: cash, TWC stock, rights to future Distributions up to payment in full and the Interests.

The ART will dissolve upon the earlier of the resolution of all Causes of Action and the distribution of all of its assets to the Holders or the fifth anniversary of its creation. However, the Bankruptcy Court may approve an extension of the term if deemed necessary for the purposes of resolving the Causes of Action and distributing the net proceeds to Holders.

Table of Contents

As set forth in the Plan and the Declaration of Trust for the ART, as amended (the "Declaration"), the ART is administered by five Trustees. These Trustees are authorized to carry out the purposes of the ART. In particular, the Trustees are responsible for protecting, maintaining, liquidating to cash and maximizing the value of the Causes of Action contributed to the ART, whether by litigation, settlement or otherwise.

Distributions

Pursuant to the Plan and the Declaration, Distributions to Holders are net of any costs and expenses incurred by the ART in connection with administering, litigating or otherwise resolving the various Causes of Action. Such costs and expenses may also include fees and expenses of the Trustees, premiums for directors and officers insurance, and other insurance and fees and expenses of attorneys and consultants. Distributions will be made only from assets of the ART and only to the extent that the ART has sufficient assets (over amounts retained for contingent liabilities and future costs and expenses, among other things) to make such payments in accordance with the Plan and the Declaration. No Distribution is required to be made to any Holder unless such Holder is to receive in such Distribution at least \$25.00 or unless such Distribution is the final Distribution to such Holder pursuant to the Plan and the Declaration.

Distributions will be made at the sole discretion of the Trustees in accordance with the provisions of the Plan and the Declaration. As of the date hereof, the Trustees have determined the present best course of action is to retain the existing cash in reserve to administer the ART and fund the prosecution of the Causes of Action. Consequently, there have been no Distributions through the filing date of this Form 10-Q and none have been planned.

Table of Contents

As of March 31, 2009, the number of Interests outstanding in each series eligible to receive a Distribution is as follows:

Series RF	115,000,000
Series Arahova	722,639,681
Series Frontier Vision	86,600,001
Series FPL	25,575,129
Series Olympus	17,000,001
Series ACC-1	4,839,988,165
Series ACC-2	281,933,289
Series ACC-3	119,430,302
Series ESL (1)	17
Series ACC-4	1,790,968,272
Series ACC-5 (1)	458
Series ACC-6B	150,000,000
Series ACC-6B1 (1)	3
Series ACC-6D	575,000,000
Series ACC-6D1 (1)	229,004
Series ACC-6E/F	935,812,456
Series ACC-6E/F1 (1)	277,210
Series ACC-7	217,022,640
Series ACC-7A (1)	1,537,766,752

(1) For each of these categories of Interests (which include disputed claims), each holder of a disputed claim was awarded one Interest. The number of Interests is expected to change based on the resolution of disputed claims.

**Results of Operations**

The ART operates pursuant to the Plan and the Declaration. The ART was formed as a Delaware statutory trust to prosecute various claims originally owned by Adelphia and, if any of the prosecutions are successful or are settled in a manner which provides economic benefit to the ART, to distribute excess proceeds over amounts retained to fund the prosecution of the Causes of Action and operations of the ART, to the Holders. It is not possible to determine at this time if there will be any excess proceeds available for a Distribution.

Table of Contents*First Quarter 2009 compared to the First Quarter 2008*

There were no court approved or other litigation settlements in the three months ended March 31, 2009. In the prior year for the same quarter there were court approved settlement proceeds of \$200,206 related to the litigation and bankruptcy claims among Leonard Tow, Claire Tow, related entities, David Rosensweig, Adelpia and the ART. Additionally, there were other non-court approved settlements of \$60,000 for the quarter ended March 31, 2008. Revenue related to Cause of Action recoveries is highly variable creating fluctuations in quarterly results and the variability is expected to continue.

Both quarters ended March 31, 2009 and March 31, 2008 reflect interest income from the invested cash balances of the ART. The decrease in interest income of approximately \$1.4 million for the quarter ended March 31, 2009 compared to the same quarter in the prior year is due to lower invested cash balances which have been reduced by ART operating costs, as well as reduced investment yields.

Total operating expenses of the ART for the quarter ended March 31, 2009 are approximately \$723,000 less than the same period in 2008 due to reduced professional expenses for both litigation and administrative activities, partially offset by an increase in general and administrative costs. Professional litigation costs have decreased approximately \$347,000 in the first quarter of 2009 as compared to the first quarter of 2008 primarily due to reduced litigation costs in the first quarter of 2009 with respect to the Bank Litigation. Additionally, professional administrative costs have decreased approximately \$614,000 in the first quarter of 2009 as compared to the same period in 2008 primarily due to costs associated with the initial organization of the ART that were incurred in the first quarter of 2008. Offsetting these cost reductions, general and administrative costs have increased from the first quarter of 2008 to the first quarter of 2009 by approximately \$237,000. The increase was caused primarily by the payment of additional service compensation to the ART Trustees of \$230,000 in March of 2009. Additional service compensation of \$250,000 was paid in the second quarter of 2008, thus affecting the comparability of the effect of this compensation on the first quarter of 2009 versus the first quarter of 2008.

As a result of reduced settlement revenue of approximately \$260,000 in the quarter ended March 31, 2009, compared to the same period in 2008, and reduced interest income of approximately \$1.4 million, offset by decreased operating expenses of approximately \$723,000, the ART recognized a net loss of \$6.7 million for the quarter ended March 31, 2009.

Table of Contents**Financial Condition and Cash Flows**

The ART's sources of liquidity are from (a) the \$25 million transferred to the ART by Adelphia pursuant to the Plan on the Effective Date, (b) the successful resolution of Causes of Action and (c) earnings on invested cash balances. Receipts from these sources are used to pay professional and operating expenses of the ART and to fund Distributions to the Holders after reserving cash required to pay future professional and operating expenses of the ART. After careful evaluation of future financial needs the Trustees have determined that a Distribution at this time should not occur. No Distributions have been made through March 31, 2009 and none are expected.

Based upon cash and cash equivalent balances as of March 31, 2009 totaling approximately \$155.3 million and expected expenses and other potential disbursements, the ART does not expect a deficiency in liquidity in the next twelve months. Due to the uncertain nature of future revenues and expenses beyond twelve months, it is not possible to be certain that current liquidity will be adequate to cover all the future financial needs of the ART. Incurring debt, creating contingent obligation agreements and seeking methods to reduce legal professional and administrative costs are all strategies that could be undertaken to address liquidity issues should they arise. These strategies could impact the ART's ability to maximize recoveries from settlements.

The nature of the ART's operation does not give rise to capital expenditures and there are no current or expected commitments for capital expenditures in the next twelve months. Should a need for capital expenditures arise, the ART would fund the requirement from existing assets. Additionally, the ART currently has no long-term contracts or other long-term obligations.

Cash and cash equivalent balances at March 31, 2009 of approximately \$155.3 million are approximately \$5.7 million lower than as of December 31, 2008 due to a net loss for the three months ended March 31, 2009 of approximately \$6.7 million offset by a provision of cash by operating activities of approximately \$919,000, related to an increase of approximately \$867,000 in accrued expenses and the amortization of approximately \$150,000 of prepaid expenses. Uses of cash by operating activities include the accrual of interest on a settlement note receivable during the first quarter of 2009 of approximately \$98,000. Available cash is invested in either FDIC insured deposit accounts or a federally insured money market fund invested in short-term U.S. Treasury and government agency securities. The money market fund manager has elected to participate in the Treasury Department's temporary guarantee insurance program for money market funds.

**Debt and Other Long-term Obligations**

The ART has no debt, capital or operating lease or other long-term obligations and has no current plans to incur such obligations.

Table of Contents**Cautionary Statement Regarding Risks and Uncertainties That May Affect Future Results**

This report on Form 10-Q contains forward-looking statements about the business, financial condition and prospects of the ART. The actual results of the ART could differ materially from those indicated by the forward-looking statements because of various risks and uncertainties, including, without limitation, the number of and proceeds from litigations and/or settlements which are successful, delays in obtaining proceeds, the amount of funding required for the litigations and other operating expenses, economic conditions, changes in tax and other governmental rules and regulations applicable to the ART, and other risks identified and described in the Form 10-K filed with the SEC on March 10, 2009. These risks and uncertainties are beyond the ability of the ART to control, and in many cases, the ART cannot predict the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements. When used in this report the words "believes," "estimates," "plans," "expects," and "anticipates" and similar expressions as they relate to the ART or its management are intended to identify forward-looking statements.

## Item 4 Controls and Procedures

*Evaluation of Disclosure Controls and Procedures*

The ART maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include controls and procedures designed to ensure that such information is accumulated and communicated to ART Trustees and the Trust Administrator as appropriate, to allow timely decisions regarding required financial disclosure.

The Trustees and the Trust Administrator have completed an evaluation of the effectiveness of the design and operation of disclosure controls and procedures as of the quarter ended March 31, 2009. Based on their evaluation of the effectiveness of the design and operation of the ART's disclosure controls and procedures, the Trustees and the Trust Administrator concluded that as of March 31, 2009, the ART's disclosure controls and procedures were effective.

*Limitations on the Effectiveness of Controls*

The Trustees and the Trust Administrator do not expect that the ART's disclosure controls will prevent or detect all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues

Table of Contents

and instances of fraud, if any, within the ART have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with associated policies or procedures. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

*Changes in Internal Control over Financial Reporting*

During the quarter ended March 31, 2009, there were no changes in the ART's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, internal control over financial reporting.

**PART II**

## Item 1 Legal Proceedings

Except as set forth below, there have been no material developments in the legal proceedings described in the ART's Form 10-K as filed with the SEC on March 10, 2009.

Bank Litigation

On June 18, 2008, the District Court dismissed certain fraudulent transfer claims, voidable preference claims, and equitable subordination and disallowance claims and entered final judgment on those claims as well as certain claims dismissed in 2007 by the Bankruptcy Court. The ART timely filed a notice of appeal of that judgment and the appeal is being briefed by the parties in the Second Circuit Court of Appeals.

On May 6, 2009, the District Court issued an order sustaining the ART's aiding and abetting fraud and breach of fiduciary duty claims; sustaining in part and dismissing in part the ART's fraud claim, and dismissing the ART's fraudulent concealment claims. The District Court also sustained avoidance claims against lenders on margin loans to the Rigases. Under the current scheduling order, the trial on those claims and the Bank Holding Company Act claim will commence on February 22, 2010.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Table of Contents

Motorola Litigation

On August 22, 2007, plaintiffs moved for summary judgment to disallow a portion of the defendants' claims against certain Adelphia debtors. Plaintiffs' motion is pending. Discovery is ongoing and the bankruptcy court has ordered the parties to be ready for trial on the claims for equitable subordination and equitable disallowance on May 21, 2009.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Sabres Litigation

On February 17, 2009, the District Court for the Western District of New York issued a final judgment granting a permanent injunction against the prosecution of fraudulent conveyance claims against Key Bank N.A., Fleet National Bank, and HSBC Bank USA, N.A. (collectively, the "Sabres Banks") by the ART in the Bank Litigation. The fraudulent conveyance claims against the Sabres Banks involve Adelphia's purchase of and payments on certain loans made by the Sabres Banks to the Buffalo Sabres hockey team. The ART filed a timely notice of appeal, and the appeal is being briefed by the parties in the Second Circuit Court of Appeals.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Litigation Indemnification Fund Litigation

Discovery related to the JV LIF Claims is ongoing and an evidentiary hearing on the motion is now scheduled for June 9, 2009.

At this time, the ART cannot predict the outcome of these proceedings or estimate the possible financial effect of these proceedings on the ART's financial statements.

Item 1A. Risk Factors

As of the date of this filing there have been no material changes from the risk factors previously disclosed in our "Risk Factors" in the Form 10-K as filed March 10, 2009.

SECTION 302 CERTIFICATION

I, Dean A. Ziehl, certify that:

1. I have reviewed this report for the period ended March 31, 2009 on Form 10-Q of Adelpia Recovery Trust;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (c) Disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
